EXPERIENCE

Home Design Solutions Website
Seminole State College, Project Manager

- Senior capstone collaboration project. Utilized HTML, CSS, Bootstrap, Java, JavaScript, and MYSQL.
- Created website for a fictional company.

Android Favorite Restaurants App
Seminole State College, Project Manager

- Developed simple application using Android Studio, MYSQL and Google Map API.
- Application allowed users to save their favorite restaurants from a pre-populated list and view restaurant locations on a map.

Senior Territory Sales Representative
Ecolab / 2013-2019

- Delivered comprehensive chemical products, installations, training, and solutions to meet the needs of customers across multiple fast-food companies.
- Decreased overall customer service calls by 50%
- Managed over 500 restaurant locations worth over $500,000 in annual sales.
- Trained over 1,000 employees, managers, and fellow colleagues in food safety.
- Received excellence award for Ware Wash Knowledge and proficiency.

Produce Manager
SweetBay Supermarket / 2010-2013

- Increased sales by providing excellent customer service, controlling inventory, and ordering, stocking, and merchandising all product within the Produce department.
- Responsible for training and developing all produce department employees.
